

Epilepsy Awareness Training of Trainer Course

The Epilepsy Awareness Training of Trainer Course.

There are over 600,000 people in the UK who are living with Epilepsy. 5 in every 100 people will have an epileptic seizure at some point in their life, 4 out of these 5 will go on to develop epilepsy.

This course explores the role of the brain and how epilepsy can present within each area, risk factors involved, types of epilepsy and seizure classification, causes of premature death in epilepsy, first aid requirements, documentation and recording.

As an Epilepsy Awareness Trainer you will be able to deliver tailored workshops that will enable your staff to gain the knowledge and understanding to effectively support a person living with Epilepsy to ensure that they are working within best practice guidelines.

Aim of this course:

Is to improve your training techniques and confidence when delivering interactive training to your staff. You will be taught the knowledge and presentation skills required in order to deliver a 3 hour long Epilepsy Awareness workshop.

Method of training:

A variety of presentation skills including demonstrations, discussions and group work. Performance objectives are established and checked after each module. Participant's performance is monitored and certificates issued that identify the modules successfully completed.

This course includes:

- Training materials for 20 participants (additional materials available to purchase).
- Access to the online trainer support system.
- Auditing and certification of the workshops you deliver.
- Your trainer certification lasts for 2 years (after which point you will need to re-certify).
- Telephone support.

NAPPI uk Factsheet for: Epilepsy Awareness Training of Trainer Course.
